TECHNICAL PROJECTS

PetsHome – Veterinary Service Web Platform *(Non-Profit, Personal Project – In Progress)*
Built as a non-profit initiative to improve access to animal care. Currently under development for real-world deployment.
- *Features:* Appointment scheduling, treatment history, interactive hospital locator
- *Technologies:* Next.js, Tailwind CSS, Node.js, MySQL, Google Maps API

BusiMate – Medical Transport Platform for Seniors | *Teams Project*
Developed key features including real-time chat, secure payments, and driver tracking for a medical transport platform.
- *Features:* Location-based driver assignment, Stripe integration, Google Maps tracking
- *Technologies:* React, Firebase, Express.js, Stripe, Google Maps API

Finance SaaS – Personal Finance Management Tool | *Personal Project*
Designed tools for tracking income and expenses with data visualization and budget forecasting.
- *Features:* Scheduled transactions, custom reports, spending analytics
- *Technologies:* React, Zustand, Chart.js, Prisma, PostgreSQL

PROFESSIONAL EXPERIENCE

Freelance – Full Stack Developer | Bangkok, Thailand   *2025 – Present*

- Developed full-stack web applications using React, Next.js, Node.js, Prisma, and MySQL
- Built reusable and accessible UI components with shadcn/ui and Tailwind CSS
- Designed and maintained RESTful APIs with Express.js and Hono; used Bun for lightweight deployments
- Integrated services including Clerk for auth, Stripe for payments, and Google Maps for geolocation
- Deployed to Vercel and Render; set up basic CI/CD pipelines
  Worked directly with clients to define project requirements and deliver custom solutions

Founder & Operations Manager – Art Tattoo Studio | Bangkok, Thailand   *2019 - 2024*

- Managed business operations including inventory, logistics, and marketing
- Launched an e-commerce platform and increased online sales
- Led brand development and optimized workflows

Product Designer – Owndays Thailand | Bangkok, Thailand   *2023*

- Conducted user research and market analysis
- Collaborated with design, marketing, and procurement teams
- Supported product launches and packaging design
